

Integration Consultant

Systemgroup is an award-winning Microsoft Gold Certified Partner, who attracts and hires the exceptional people who are able to interact with customers, quickly understand their business issues and translate that knowledge into high value business solutions.

We are actively seeking an SOA and Integration Consultant specializing in Development and Configuration.

Responsibilities will include:

Architecture of enterprise-level business solutions as well as leading other team members utilizing Microsoft CRM tools
Integration design and development using the Microsoft suite of tools
Source control and configuration management
Packaging and deployment of BizTalk solutions
Support for testing and QA activities
Technical documentation and knowledge transfer internally and externally

Required Experience:

- .NET Framework, version 2.0, 3.5, 4.0 (5 years)
- BizTalk 2006 and up (3 years)
- Windows Communication Foundation (WCF)
- Windows Forms
- MS Visual Studio 2003/2005/2008.
- N-tiered development
- Developing smart client, web-based, or mobile enterprise applications
- Working with SQL Server and ADO/ADO.NET

You should also possess:

- Ability to work to defined timelines and with minimum supervision
- Strong communication, analytical, co-operation, and interpersonal skills working within a cross-functional team
- Demonstrated needs analysis skills in a project environment
- Excellent written and verbal communication skills

Desirable factors for this role are:

- MCSE/D Microsoft Certification in BizTalk
- Application architecture, messaging patterns, ESB and SOA patterns
- Experience with distributed components utilizing DCOM and/or .NET Remoting
- Practical experience with unit testing (NUnit or equivalent)
- Vertical experience in Financial, Healthcare, or Resources sector

All Systemgroup employees enjoy a competitive package of above-market compensation, banked overtime, flexible work environment, and accelerated career development paths.
